

LINEA

DREAM[©]

textile room Art

The ideal textile window and room decorations for all types of modern interior

Inspired by the unique aesthetics of traditional Japanese design, DREAM Linea brings a Simplistic, natural approach to interior decoration. The clean, straight lines, the minimalistic blend of form and function, all contributes to creating a look of uncluttered serenity.

This purity of style makes Linea compatible not only with the simple lines of a Japanese or a Bauhaus decor, but with all kinds of modern interiors. As a screen, Linea functions as a space-divider or curtain, both stationary and flexible.

Linea also works beautifully as a reversible backing for AURAS or FREESTYLE.

DREAM LINEA Panels are produced as standard in Nature many other colors.

Height of 100cm - 320cm und panel width of 60 and 70cm. In MULTISTYLE are all special measures are possible. LINEA has a Velcro-head for the sliding technic, and at the hem has a rod pocket for a weight bar.
